AZTEC CBD 55% Vape Kite User Manual

Congratulations on purchasing your vape Kit

Please read instructions and precautions before using the CCELL Power Supply.

WARNING: CCELL Power Supply products are intended for use by adults of legal age and not by children or women who are pregnant or breastfeeding.
Power Supply components may be choking hazards. Keep all components away from children and pets. If any components are ingested, immediately consult your doctor or vet or proceed to the emergency room

WARNING AGAINST USING WITH OTHER DEVICES: Do not use your Rechargeable CCELL Power Supply with any other devices or products. In order to recharge the device, screw in the Battery into the USB charger in a clockwise fashion until securely fit. Insert USB device into a compatible USB charging port.

Charging

01. Screw in the battery end of the Power Supply into the USB charging adapter.
02. Plug USB into active port or wall adapter.
03. Halo lights up, indicating the device is charging. Halo remains lit during charging.
04. Halo flashes 20 times and turns off when fully charged.
05. Charging light stays red, even when fully charged. Once device is fully charged the light on the end of the battery will pulse 10 times and then turn off, indicating full charge. If device is plugged into an active USB port and the halo is not lit, the device is fully charged.

THIS DEVICE IS EQUIPPED WITH OVERCHARGE PROTECTION,
ALLOWING IT TO STAY PLUGGED IN UNTIL USED.

How to Use

01. Insert/drop cartridge into device and secure the cartridge by screwing in tightly.
02. Draw on mouthpiece (cartridge end) to activate. Halo lights to indicate the power supply is on and active.
03. Device is empty when vapor is no longer produced when activated.
04. Light tip flashes 10 times when the battery is depleted.

Picture shown may vary slightly from actual product.

Troubleshooting
